THE ST. PETERSBURG SITUATION.

Iron Workers Out—Moscow Strikers Following the St. Petersburg Programme—Emperor Leaves the Capital—Artillerymen Arrested

Moscow, Jan. 23.—Employees of the Bromley metal works, to the number of 1,000, met at 2 o'clock this afternoon and declared that they were unable to continue work because their St. Petersburg comrades asked them to strike. They immediately left the works, formed a procession and marched through the streets and begged their fellow workmen in all industries to join in the movement. A majority of those who were requested to quit work complied. Afterwards the strikers visited the Sytin printing works the largest establishment of the kind in Russia and belonging to the millionaire publisher Sytin and induced them to strike. The works closed at 5 p. m.

Similar to St. Petersburg.

St. Petersburg, Jan. 23.—The general strike in Moscow is pro-

ceeding on exactly same lines at the present time as the St. Petersburg one. The proclamation and methods are identical.

The Emperor Retires.

Paris, Jan. 23.—The Temps publishes a despatch from St. Petersburg, timed eight o'clock this morning, saying that Emperor Nicholas has left Tsarkoe Selo for Gatchina or Peterhof.

Was it the Strikers.

Sevastopol, Jan. 23.—Fire broke out in the Admiralty Works immediately after the second signal for beginning work was given at 7 a. m. The flames burst simultaneously from different parts of the works and the whole building was so quickly involved that men in the model-

PROVINCIAL TERMS.

The Winnipeg Telegram in a recent editorial discusses the financial relations of Manitoba to the Dominion. The basis of the article is the statement made to the legislature by provincial treasurer Agnew when presenting his financial proposals for the year, usually called the budget speech. The Telegram's article is as follows:—

"Mr. Agnew's treatment of the financial relations of Manitoba to the Dominion formed one of the most important parts of his admirable budget speech. The subsidy received from the Dominion under various heads constitutes approximately one-half of the Consolidated revenue of the province of Manitoba. Three out of the four items in the subsidy account are fixed in amount and are constant but one item is increased every two and a half years according to the growth of population. This item is the allowance of 80 cents per head, which is the rate allowed in all the Provinces although the maximum of population on which it will be paid differs considerably. In Ontario and Quebec the population basis is the number of inhabitants recorded in the census of 1861, or 1,396,691 in the case of Ontario and 1,111,566 in the case of Quebec, while in the other Provinces the maximum is fixed at 400,000. According to his existing arrangements Ontario and Quebec can continue to draw 80 cents per head on over a million inhabitants while the other Provinces would never, no matter what their population be able to draw on more than 400,000.

As Mr. Agnew pointed out, Manitoba in this year, after insistent representations by the local Government, allowed the subsidy on 350,000 population and within a few years the population will have far exceeded the 400,000 mark. The question therefore arises whether it will be fair to Manitoba to have the maximum remains at 400,000. As Mr. Agnew said every settler is a new means of revenue to the Dominion but a new responsibility to the Province and it is not unreasonable to say that as the population increased so should the power of providing for the wants of the people who come to settle in the Province of Manitoba."

The speech was made with the article written for the purpose of showing that the present financial arrangements between the province and the Dominion are unfair to the province; because these arrangements do not provide for an increase of subsidy proportionate to the increase of population, present and prospective. This is the argument which the Bulletin has frequently used against provincial autonomy, for the Territories or the terms accorded the other provinces. It is well that at this juncture our people should not have their attention drawn from the main issue, that is the financial terms; and that they should not permit themselves to be rushed into autonomy unless and until the terms are made suitable not only for present but for future conditions. The Telegram's article states the case fairly and accurately for Manitoba. Apply that statement to the territories and see how we would be affected.

First, the Federal subsidy forms half the total provincial revenue. In the Territories it forms probably seven-eighths. That means that provincial establishment for one reason or another is costing the tax payers of Manitoba in one form or another as compared with the tax payers of the Territories, the difference between seven-eighths and one-half of the provincial revenue. At the same time it is notorious that the public services of the Territories are at least as efficiently performed as those of Manitoba.

The reason for the difference between the conditions in Manitoba and in the Territories is found in the succeeding sentence of the Telegram's article. "Three out of the four items in this subsidy account are fixed in amount and are constant but one item is increased every two and a half years according to the growth of population." While in the Territories the subsidy has been increased

Three Months of Steady Cold Weather

If it was to last only a few days or weeks, then any kind of a Heating Stove would tide you through, but for a long spell of cold weather where you need your house warm night and day there is no Stove on the market so well adapted for heating as the

"Riverside Oak"

It will heat two rooms at once. It has a hot air pipe attachment and it will take the cold air from the floor, heat and distribute it into any room the Hot Air Pipe is carried into, without burning any more fuel. It burns equally well Coal or Wood and the price is very low considering its efficiency and economy.

Ross Bros. Limited have handled this Stove for a long time and can conscientiously recommend it as sure to please. Have you seen the New Steel

Monarch Range

guaranteed all Steel and Malleable Iron. The top of this Range is ground to a finish, just the same as a Fry Pan or Kettle and can be used for Frying and Toasting just the same as a French Top Range. The Ovens are the most uniform of any Ranges made. The water fronts are so modelled that they will heat twice the water of an ordinary Range. It burns either Wood or Coal equally well and will heat up quickly and on a less quantity of fuel than any other range made.

See the One in our Window

they are beauties and the price is not so high as you would expect to pay for so good an article. We keep everything in Kitchen Utensils and truly think we can give you better value than any other House in the West.

Ross Bros.

Ltd.

Provincial Terms.

Continued from page two.

ed from year to year as the needs arise, until for the current year on a smaller census and an equal estimated population the Territories draw in subsidy from the Dominion over twice what is drawn by the provinces of Manitoba.

Place the Territories under the same financial arrangements as Manitoba and the result must be the same or worse, for the following reasons given further on in the article quoted. Mr. Agnew is reported to have said that "every settler is a new means of revenue to the Dominion, but a new responsibility to the provinces." As the Territories have at least five times the agricultural area of the province of Manitoba and as the rapid construction of two through railways will induce its rapid filling up with people the responsibilities of the government of what is now the Territories must increase very much more rapidly and to a very much greater degree than possibly can those of the government of the province of Manitoba. To tie the new province or provinces down to 94 almost stationary subsidy as is the province of Manitoba would be to produce disaster in the Territories where only serious disadvantage has resulted in Manitoba.

As Mr. Agnew and the Telegram pointed out one item of Manitoba's subsidy is now subject to increase only until the population reaches 100,000. After that time it too remains stationary. It is quite possible that the population of both Manitoba and the Territories already verges closely on 100,000 each. So that provincial autonomy on ordinary provincial terms would practically mean a fixed subsidy for the new province, as it now will for Manitoba, and that would mean an inadequate subsidy and consequent large debt and high taxation for the new province as it now does for Manitoba.

With or without good reason the minor provinces of the Dominion are demanding better terms from the Dominion. Any attempt to grant better terms to the new provinces than have been granted to the older ones will be met by the strongest opposition on the part of those older provinces. And the Territories cannot afford to enter upon fixed provincial condition except on a grant of better terms. The conditions are different here and these conditions must be considered in any permanent financial arrangements that may be made. But the attitude of Manitoba shows clearly that the difference of conditions will be used by the other provinces as a lever in pressing their demands. That unless they get a new deal, they will not permit justice to be done the Territories.

INFORMATION AS TO FURS.

The McMillan fur and wool company of Minneapolis give the following information as to the time of killing and preparation of furs for shipment:

Beaver bought and sold entirely by the skin. Beaver should be well stretched with meat all scraped off and thoroughly dry. Beaver fur in drying are worthless.

Deer and other early caught furs are of little value. Are worth something and can be shipped in with later caught.

How-stretched muskrat open at the head, Canadian style, 10 per cent less than long stretched. Beaver caught previous to November 1st are worthless.

Mink caught in December, January and February are the best colors and quality; after that they commence to fade.

Skunk are prime earlier and shed earlier than any other article and are most desirable in December, January and February.

Prime furs are red or white on the flesh side, unrimed, blue or black. Unprime furs are those damaged by trapping, shooting or tearing, or those caught previous to December or late in the spring, and grade No. 2 and 3; where badly damaged, or caught in the very early fall or very late spring they are shedding and grade No. 4.

Furs caught between December 1st and March 15th grade prime or No. 1, if not damaged in trapping or otherwise.

In the north where cold weather prevails particularly where late springs occur, furs are prime later than March 15th.

Water animals, consisting of muskrat, beaver and otter, also beaver and otter, are still fully prime in the spring.

Stretch and dry all cased skins flesh side out and keep them so, except fisher, foxes and sea otter which should be turned fur side out after drying.

Open skins with the exception of beaver, bear, beaver, cats, dogs, mountain lion, rabbit, raccoon and wolverine, 10 per cent less than cased except wolf.

Never sell out the finest skin from your collection as it will damage the balance of the lot over 25 per cent.

Furs sent from Canada by registered mail should be tied up in a flour sack or muslin, so the custom authorities can examine them. No duty on raw furs.

Coal and Wood for Sale.

Hoover & Johnston, Phone 110 P. O. Box 147

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory

Coal.—Coal lands may be purchased at \$10 per acre for soft coal, and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miners' certificates may obtain entry for mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$7.50 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,500 by 1,500 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the lode or vein.

The claim may be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at \$1.00 per acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres. The patent for a mining location shall provide for the payment of

royalty on the sales not exceeding five per cent.

Placer Mining, Manitoba and the N. W. T., excepting the Yukon Territory.—Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or bench, the former being 100 feet long, and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each, for a term of twenty years, renewable in the discretion of the Minister of the Interior. The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles; but where a person or company has obtained more than one lease, one dredge for each fifteen miles, or fraction, will be sufficient. Rental \$10 per annum for each mile of the river leased. Royalty at the rate of two and a half per cent, collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the first day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from each date. Rental \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty same as placer mining.

Placer Mining in the Yukon Territory.—Creek, gulch, river, and all claims shall not exceed 250 feet in length measured on the base line or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal tests, one at each end, bearing notices. Entry must be obtained within ten days. If the claim is within ten miles of a mining recorder's office, one extra day is allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate. The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party proprietary claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent, on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of \$2. A claim may be abandoned, and another obtained on the same creek, gulch or river by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

Hydraulic Mining, Yukon Territory.—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospected by the applicant or his agent, is found to be unsuitable for placer mining, and does not include within its boundaries any mining claims already granted.

Rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and not less than \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for the withdrawal of unoccupied land for agricultural and building purposes.

Petroleum.—All unappropriated Dominion lands in Manitoba, the Northwest Territories and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 400 acres. Should the prospectors discover oil in paying quantities, and satisfactorily establish such discovery an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.50 an acre, subject to royalty at such rate as may be specified by order-in-council.

THE ST. PETERSBURG SITUATION

Continued from page one

ling department barely escaped by jumping out of the windows. Energetic measures prevented the flames extending to the docks. The fire was under control at 1.30 p.m. The cause of the fire is unknown.

Artillerymen Arrested.

St. Petersburg, Jan. 23.—Davidoff, the captain, and Kurzeff, the senior officer of the battery, from which the loaded shell was fired on January 19th, striking the Imperial Pavilion and other buildings, have been arrested.

IN FROM SLAVE LAKE.

GOOD CATCHES OF FUR.

Fishing-Operations at the Lake—Sergeant Anderson will bring in Witnesses in King Murder Case.

J. (Carpenter) of the firm of C. Rowell & Brodby, traders, came in yesterday from Lesser Slave Lake. He made the trip in 24 days with horses and sleigh. A mark of the advancement of the country is the fact that road houses are scattered along the road all the way to the lake and even to Peace River Crossing and the traveller may make the trip without spending a night out of doors. The trail to the lake was never better and good time is made by the travellers.

The weather in the north during the winter has been splendid and the snowfall about the same as at Edmonton.

Fur dealers' animals are fairly plentiful this year and the hunters are making good catches. Lynx are numerous, foxes plentiful but martin are scarce.

The fishing party under N. C. Butlerfield are having good hauls. Fish are very plentiful in the lake and of a very good quality. Some forty tons of fish were passed on the trail, being taken to the Landing by teamsters returning from taking loads of freight to the lake. The first of these loads should reach town in a few days.

J. A. McDermott left the Lake about ten days ago for St. John. His party were well and making good headway.

Sergeant Anderson was met on the lake. He will bring two or three sleigh loads of Indians as witnesses in the murder case to be tried in Supreme Court here.

The survey parties of Messrs Selby, St. Cyr and Wallace were well and had made good progress during the past season.

The health of both Native and Whites has been good during the winter, no epidemics having broken out and times are fairly prosperous.

GAZETTE NOTICES.

The current number of the N. W. T. Gazette contains notice of the appointment of the following game guards:

James Webb of Liberal, Alberta; John Schooner of Red Deer, Alberta. The following 2nd class districts have been erected:

Eagle Valley S. D. No. 1164, Wm. Niddie, Eagle Hill, Alta., senior trustee.

Glen Ellen S. D. No. 1165, W. W. Parshar, Elmfield, senior trustee.

Lake Thomas S. D. No. 1166, J. E. Kruger, Viking, Alta., senior trustee.

Brandywine S. D. No. 1172, W. G. Rogers, Nanton, Alta., senior trustee.

Rocky Bay S. D. No. 1173, E. Bradshaw, White Birch, Alta., senior trustee.

Orell S. D. No. 1176, P. Macdonald, Crossfield, Alta., senior trustee.

Peglar Bluff S. D. No. 1178, Ghaz. Hewey, Lewisville, Alta., senior trustee.

The following districts are empowered to borrow the sums indicated:

Edmonton P. P. S. D. No. 1179, \$14,000

Progress S. D. No. 1180, 400

Bow River S. D. No. 1181, 13,000

Adkins S. D. No. 1182, 800

Leavitt S. D. No. 1183, 550

Lehi S. D. No. 1184, 1,500

Notice is given of the dissolution of partnership of C. E. McManus & Co. of Edmonton.

The village of Lundsen will apply for incorporation as a town; also the village of Ofse.

ALBERTA COLLEGE.

Contributed.

A number of new students have made their appearance and taken up their work.

Dr. Nichols gave a much appreciated address to the young men on Wednesday evening last while Mrs. Ferris spoke to the young ladies of the college.

The extension to the rink is almost complete and there will have a sheet of ice over a hundred and twenty feet by eighty feet.

We are all deeply grieved to hear of our Principal's call to the East through the death of his brother, Dr. Riddell of Winnipeg. Mr. Riddell received a telegram on Friday and left on the next train.

LOCAL IMPROVEMENT COUNCIL MEETS.

A Council Meeting of Local Improvement district No. 27, S. 4, was held in the fire hall Edmonton, on Saturday, January 21, 1905. Present councillors Turnbull Allen, F. C. Clare, J. Harrold Jr., E. Hogan, M. Groat and T. J. McMillan.

Mr. Turnbull Allen was elected chairman and F. C. Clare secretary-treasurer.

The following resolutions were passed:—

That each councillor be appointed a standing committee, to have control of his division with power to appoint an overseer, or overseers, to superintend the work of the division.

That the overseers receive \$3.00 per day while engaged in superintending the work.

That every resident ratepayer be permitted to work at least to the extent of his assessment if he gives notice to the secretary within ten days of receipt of his assessment notice, unless the committee of any division finds it necessary to work only part of the assessment.

That the overseer give each ratepayer wishing to work three days' notice and if he fails to appear he forfeits the right to work.

That the rate of assessment for 1905 be at the rate of 4c per acre, with a rebate of 10 per cent if paid in 30 days or worked by a resident ratepayer, and the rate of wages credited to ratepayers be 20c per hour and double this amount for men and team.

That each councillor must order what material he requires to repair or make any culverts in his division and the same to be paid out of the said division's funds.

A CORRECTION.

In last night's Bulletin there appeared an article stating that Thomas Grindley manager of Revillon Bros. Hardware department, was presented with a present from the clerks of the different departments.

This should have read from the men under his charge, namely, steam fitters, plumbers, tinners and hardware clerks.

Jan. 25th '05 L. M. HUNT.

APPLICATIONS READ

BY THE COUNCIL

Applications for Commissionships
Read. Aldermen meet Thursday
For Consideration.

The city council met in the chamber last evening, Mayor McKenzie in the chair and all members present. The minutes of the preceding meeting were read and adopted.

COMMUNICATIONS.

The Automatic Electric Co. of Chicago wrote enclosing information regarding their automatic telephone system. The letter was filed for reference.

A similar disposition was made of a letter from Dan Alton, Cranbrook about wire wound wooden water pipe.

The Special committee were asked to furnish information and photos asked for by C. H. Lugin of Victoria for a new book he is preparing on the Imperial frontier.

Mayor Mackenzie presented a telegram from the acting Mayor of Prince Albert asking co-operation in opposing the division of the Territories into easterly and westerly provinces. The council did not feel called upon to take action and the message will be answered accordingly.

Mr. John Milner addressed the council about the case of a destitute man named Shields living in the east end of the city. The sanitation and relief committee were asked to have the case attended to.

Revillon Bros. asked for the usual rebate on taxes on two lots owned by them, explaining that the tax bill had not been received in time. The council replied that the city books showed the bill to have been sent 13th of Oct. and no rebate could be made in consequence.

The Finance committee were given power to act and asked to take up the matter of an account from the Chalmers-Bullock Co.

A letter from J. Wagner, Portage Wis., about a process for keeping surface pipes from freezing, was filed.

An offer from Taylor Boyle & Gariepy to sell the Glass property desired for the extension of Jasper avenue was accepted the price being \$1600.

J. Robertson wanted a place fitted up on the market where he could hold weekly auction sales. The committee in charge of the market were asked to take up the question.

A letter from the Manufacturers Agency Co. Wpg. about water pipes was filed.

The Streets and Park Committee were asked to deal with a letter from the Western Supply and Equipment Co. re an asphalt paving plant.

DAIRYMEN WANT LICENSE.

A petition signed by five of the local dairymen was presented asking that a license of \$20 per year be charged anyone selling milk or cream in the city. The reasons enumerated were that the signers were in the business and make a living, and that during a portion of the year their business was cut into by townspeople who owned cows and by country people who sold milk and cream within the limits. The petition was referred to the committee on by-laws, they to prepare a by-law providing for the licensing of the business and the inspection of the premises of the dairies.

The finance committee were asked to look into an account

Sunlight Soap

reduces wash day drudgery and increases your leisure time. It is an easy, quick-cleansing soap that makes your clothes pure and white without the least injury. Hard or soft water will do and you don't have to boil the clothes.

REPORTS.

The finance committee reported recommending the immediate payment of a mortgage held by the Canada Permanent on one of the properties bought by the city in the east end. The report was adopted.

The special committee recommended the acceptance of W. H. Clark & Co.'s offer for the old engine and boiler at the power house. The report was adopted provided the city solicitor held that the council had the power to sell city property to one of the aldermen.

The committee in charge recommended that a by-law be prepared for the purchase of the exhibition grounds. A discussion arose, several of the aldermen not being satisfied regarding the matter. The report was finally left on the table for a week to allow of further investigation.

The fire, market, and civic building committee reported that the work of refitting the hall had been undertaken and making several suggestions for improvements in connection with the brigade and the hall. The report was laid on the table for two weeks.

The same committee recommended that the contractor be paid the balance of his contract price for the new city offices, less a small amount for uncompleted work. The report was adopted.

The secretary reported re the taxes for the past year. Of the total amount of \$77,000 levied, \$4758.78 were outstanding. The arrears for previous years amounted to \$350.49.

The secretary further reported re the engagement and payment of Mr. Chipman. He had been first engaged in July 1901, since which time he had been paid amounts aggregating \$6671.

A report was also made of the

number of civic employees and the salary paid to each.

APPLICATIONS FOR COMMISSIONERSHIPS.

The applications for the positions of city commissioners were then read, the council requesting that the names of the applicants be not published. There were thirteen applications for the position of public works commissioner and twelve for that of finance commissioner.

As the regular hour for adjournment had been reached the council adjourned to meet in special session on Thursday evening.

ASSIGNEE'S SALE.

A Valuable Hotel Property.
There will be sold by Public Auction at the Prince of Wales Hotel in the town of Wetaskiwin in the North West Territories of Canada, on Wednesday, February 1st, 1905, at 2 p. m. the valuable premises, known as the Prince of Wales Hotel, in Wetaskiwin, Alberta.

This is a fine, new, solid, brick hotel, three storeys and basement, with private electric light plant and waterworks, large sample rooms, Bath rooms, furniture new and up-to-date. This is considered to be the most modern, and best equipped hotel in the Territories.

The Hotel is licensed, and the property will be sold as a going concern. The Assignee reserves one bid. For further particulars and conditions of sale, write to J. B. Anderson, Assignee, Wetaskiwin, Alta., or to the undersigned.

M. E. O'Brien,
Wetaskiwin, Alta.,
Advocate for Assignee.
Dated Dec. 21st, 1904.

Approved of Terminals.

Bulletin Special.

Ottawa, Jan. 23rd.—The Minister of Railways has approved of the land wanted by the G. T. P. for terminals at Port William.

Body Being sent East

Bulletin Special.

Winnipeg, Man., Jan. 24th.—The body of Dr. Riddell goes east this afternoon accompanied by Prof. Riddell. The funeral service was conducted at Grace Church at 1:30.

Brockville Defeated Ottawa.

Bulletin Special.

Brockville, Jan. 24th.—The Ottawa Stanley cup holders were defeated by Brockville 5 to 3.

Hotels Close Up.

Bulletin Special.

Nepawa, Man., Jan. 23rd.—Saturday all the hotels in town indignantly closed their doors. Nepawa is a temperance town and the mayor instructed the police to search the hotel-keepers with the result that liquor was found in three of the houses and the proprietors were fined \$75 each. The hotel men's action is the consequence. Travelling men are much inconvenienced, and the boarding houses are insufficient to accommodate the transient trade.

Indians on the Warpath.

Bulletin Special.

Noagles, Ariz., Jan. 23rd.—Four Americans and one Mexican were killed by Yaqui Indians Thursday in the State of Sonora, Mexico.

Dr. Riddell Dead.

Bulletin Special.

Winnipeg, Jan. 23rd.—Dr. Robert Murray Riddell died Sunday morning at the General Hospital of typhoid fever. His brothers, Prof. Riddell of Alberta College, and S. P. Riddell, Methodist minister Hamiota, arrived here this morning to complete the funeral arrangements.

Novelist Inspector of Agriculture.

Bulletin Special.

Lethbridge, Jan. 24th.—The British Government has appointed Ridger Haggard, to inspect agricultural conditions and land settlements of the American continent as organized by the Salvation Army.

Father's Brutal Crime.

Bulletin Special.

Dayton, N. Y., Jan. 24th.—Mrs. Heston told in court today the horrible story of her husband taking an aversion to their three year old and blind and crippled child and how he drove her out of her house and burned the child to death.

Burnt to Death

Bulletin Special.

Albion, Ont., Jan. 24th.—Mrs. Adam Lloyd aged 68 was burnt to death while sitting in her chair today.

Bank Cashier Shot Himself.

Bulletin Special.

Columbus, Ohio, Jan. 24th.—Charles Heston, cashier of the East Side savings bank shot himself today, and there was a run on the bank which had its close its doors.

Murderer Will Hang.

Bulletin Special.

Toronto, Jan. 24th.—Alex Martin, convicted of the murder of his own child, obtained no respite from the court of appeal.

Japs May Come in.

Bulletin Special.

Victoria, Jan. 24th.—The Dominion Government has again disallowed the Provincial Act against Japanese on the grounds of inconsistency of official records and menace of imperial attack.

THE PUBLIC READING ROOMS.

Contributed

The Mechanics Library Institute have now found convenient apartments in the new city hall. The free public reading room situated on the ground floor of the new building is well lighted and heated. Being so well adapted for the purpose, the Institute has not been in a flourishing condition, but now that the new reading room is open, the very good place to send a letter. The Institute is in need of some friends to help a small out-of-pocket. It is a good thing to have a good assortment of reading matter.

OIL BORING OPERATIONS.

W. Pearce returned on Monday from Egg Lake where he has been employed on the boring apparatus of the Egg Lake Oil Co. Very good progress has been made with the work and a depth of 100 feet would probably be reached last night. Operations have been somewhat retarded by a flow of water and yesterday casing was being put down to cut this off. The drilling plant which is that operated some years since at Pakan, is capable of boring to a depth of 1000 feet if necessary and the promoters of the company express their intention of going that depth if necessary. Power for operation is generated by means of a steam engine.

Last week at a depth of about 80 feet an eight foot seam of black sand containing a trace of oil was found. This is taken to be a strata of "tar sand" from which the oil had disappeared by evaporation or seepage or both. It is considered a good indication of the profitable presence of living strata further down.

BECAUSE PROPERLY CURED

Y Pharaohs have
been called a
"Health cigar"
and this is why:
Every leaf of
tobacco I work
into Pharaoh is
absolutely free
of "gum."

You must know that a
"gummy" tobacco will make a
poor smoke and act injuriously
on the throat and stomach. The
gum, dissolved by the heat of
combustion, is drawn into the
mouth—becomes mixed with the
saliva and finally reaches the
stomach.

The membrane that lines
your throat and stomach is pretty
tough—but it won't stand the
harsh, irritating action of this
dissolved gum.

You'll have sore throat if
you smoke the "gum" cigar—
you'll have heartburn, indiges-
tion, and a disagreeable taste in
your mouth from an injured
stomach.

With every particle of gum
properly "sweated," cured and
aged out of the leaf I use as
filler for my Pharaoh, I can
guarantee you a pure, cool, sweet,
fragrant smoke—free from dis-
agreeable tastes and injurious
actions on the inner man.

REPORT OF THE IRON PROPERTY

OF THE EDMONTON COAL AND IRON COMPANY

LOCATION.
About one hundred miles northeast of Edmonton on the north side of the Saskatchewan river and midway between Victoria and Lac La Biche in the North-West Territories of Canada.

TRANSPORTATION.
Good wagon roads from Edmonton and from Ft. Saskatchewan also south to Whitford and Battleford. The property is situated twenty miles north of the route of the Canadian Pacific Railway, near the route of the Grand Trunk Pacific, and within eight miles of the Saskatchewan river which is navigable.

CHARACTER OF COUNTRY.
Comparatively flat prairie relieved with low rolling hills, which are thickly wooded with small jack pine and fir. The pine runs from five to eight inches in diameter, and is suitable for fencing, building and fuel.

WATER SUPPLY.
There is a stream running through the property, which in the driest seasons yields an ample supply for all purposes, in addition there are two large lakes of fresh water on the property at least 300 acres.

DESCRIPTION OF PROPERTY.
This consists of six claims in townships 58 and 59, ranges 14 and 15, west of the Fourth Meridian. The claims are named Wee Aman, Iron-claim, Limonite, Farm, Revelstoke, Bita and Eva, and all being fully licensed by the Dominion Government to Messrs. McAdam & Johnson, and surveyed by Messrs. Saunders & Driscoll, P.L.S. in June, 1904.

CHARACTER OF MINERAL DEPOSIT.
Oxide of iron, yielding on analysis, 45.2 per cent of metallic iron on the certificate of Mr. A. L. McKillop, of Nelson, dated October 26, 1904.

OCCURRENCE OF DEPOSIT.
A stream runs through the property from north to south, and in the flat portions widens out into a large bog in which the ore is deposited for a distance of two miles in length and from 200 to 600 feet in width; the depth of the deposit is from six to fourteen feet. On the Wee Aman Claim it is from 500 to 6000 feet in width, and is a genuine bog ore. Towards the north end of the property the ground rises and the deposit is covered by several feet of gravel, put at points where the drift is cut evidences of the continuance of the deposit underneath are found.

WORK DONE.
A number of pits have been sunk, some twenty feet deep, through the deposit, and in each its continuity over the area named has been demonstrated. In addition a trench half a mile long has been cut to drain the upper or north end of the property. On the Wee Aman claim a substantial cabin and barn have been built.

QUANTITY.
The extent of the development work will not admit of a close estimate of tonnage, but I can safely say that a million tons would be well within the mark, and it is not improbable that this estimate will be greatly increased as work proceeds.

UTILITY OF DEPOSIT.
First, an excellent paint oxide for which a market could readily be found as the country opens up and railway facilities are provided. Second, in combination with other ores for smelting and iron and steel manufacture, similar to that successfully smelted at the Radnor Furnace, Quebec, for many years.

COST OF DEVELOPMENT.
\$10,000 judiciously expended in sinking and boring would thoroughly prove the property. I believe that you would have in it a most valuable asset and one easily and quickly realizable, as it is more than likely from the character and occurrence of the deposit that the springs come from a stratified ore body below which should be disclosed by boring.

Having had thirty years' experience in locating and working various iron deposits, I have no hesitation in saying that this is a valuable property, and one which will justify the expenditure recommended.

FUEL.
On the banks of the Saskatchewan river eight miles south there is an outcropping of good lignite coal running from 45 to 50 per cent in fixing of carbon. This is easily accessible and available for fuel purposes.

Signed,
WM. BLAKEMORE, M.I.M.E.
Greenwell Medalist, 1904.

EDMONTON ALTA. CANADA
POPULATION, 7,500
CITY GOVERNMENT:—
 Mayor, K. W. MacKenzie; Aldermen, C. May, K. A. McLeod, W. H. Clark, D. B. Fraser, J. R. Boyle, T. Bellamy, J. H. Picard, W. A. Griesbach.
Conveniences:—Waterworks, sewer systems, telephone system, electric lighting system, all owned and operated by the city.
Board of Trade:—President, J. H. Morris, Secretary, F. E. Tims.
Immigration Officer:—C. W. Sutter.
Educational Institutions:—Public and separate schools, high school, Alberta College.
CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist, Baptist, German Baptist, Lutheran, Salvation Army.
TRAIN SERVICE:—Leaves for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 10.50.

LOCAL

—Train on time.
 —The Operatic society rehearse "Trial by Jury" in Garvey Hall to-night.

—The telegraph line was reported in trouble east of Calgary this morning.

—C. E. Morris has bought the Stock of the Bon Marche store and removed the same to his store, the Edmonton jobbing house.

—B. McDonald of the Windsor hotel staff was taken to the general hospital today for treatment for an injured leg.

—A meeting of the executive of the Old Timers' Association will be held on Friday afternoon the 27th, at 1 o'clock, at the secretary's office.

—The office of the Dominion Express Co. will be removed next month from the present premises to the building formerly occupied by Drs. Harrison & Nicholls.

—Edmonton & Strathcona play the third match in the Peterson cup series in the Thistle rink tomorrow evening. The game is called for 8.30.

—The ladies of the city who have assisted the Public Hospital during the past year are cordially invited to be present at the annual meeting in the Council Chamber of the City Hall at 3 p. m. Friday of this week.

—Rev. C. H. Heustie lectures in McDougall church this evening at the close of the prayer meeting service. The lecture is the third of a series of Sunday School workers and parents. The subject for this evening's lecture will be "Course of study general principles."

—Mr. T. C. Powell of this city is out for the record for heavy loads. Last week he hauled to Edmonton from the Springs, northwest of Morinville, a distance of 65 miles, a load of lumber which weighed 10745 lbs. net. Last February he hauled a load comprising 3000 feet a distance of 53 miles.

—The Intermediate hockey team goes to Strathcona this evening to play the second Strathcona team. The locals will line up as follows:—goal C. Netherland, front G. Haskell, cover R. Johnson, rover I. Gouveau, centre C. Bauld, right wing H. York. The team was chosen on Monday evening.

—The Honorable Hudson Bay Company through Commissioner Chipman with great courtesy have placed the second flat of their new store building at the disposal of the Edmonton Old Timers Association for their Annual Ball to be given on the 10th of February. It is peculiarly fitting that on the first year of Edmonton's existence as a city, the Old Timers should be able to hold their annual dance in a building second to none west of Winnipeg, and the property of the Company, who for over a century have done business in Edmonton. On this occasion the Old Timers promise to exceed all their previous efforts to make their ball a success.

—Regina Standard:—His many friends in Regina will be pleased to learn that John Martin is writing on the Rhodes Scholarship examinations in Winnipeg this week. John is the son of Robert Martin of the Canada Drug & Book Co. and received all but his college education in the Regina schools. He has spent three years in Manitoban college, being now in his final term and will graduate next summer with the B. A. If he wins the scholarship, which is the case at his school in Regina, he will be entitled to £2000 per year for the purpose of studying at Oxford. He is the only candidate from the Territories for the scholarship, and is writing along with four from Manitoba, W. J. Rose, Wesley College, W. G. Henderson, Manitoba College, S. Beach, and W. Burns of St. John's College.

Notice

At a meeting of the Directors of
The Whitelaw Co.
 Limited,

Held 5th January 1905, it was unanimously decided that on and after the First day of February, 1905, a strictly

CASH BUSINESS

would be done.

We take this opportunity of thanking the Public heartily for their past patronage, and trust that, even under the new conditions, they will continue to favor us with a fair share of their custom.

We anticipate that being on a Cash Basis we shall be enabled to supply FIRST-CLASS GOODS at the lowest possible prices consistent with business methods.
